Head Teacher: Mr David Bessant

26th September 2025

Dear Parents/ Carers

As part of our exciting science unit this term on 'The solar system', Year 5 will be having a school trip to the Winchester Science Centre on Thursday 6th November 2025. The day will consist of:

- Experiencing the incredible planetarium they have which will involve taking a trip to the very outer rim of our universe!
- A couple of workshops which will include learning how to build their very own space rocket.
- A chance to explore and interact with the numerous science based exhibits (which will enhance their understanding of the science curriculum coming up over the year).

We will be travelling by coach and will leave after morning registration and be back before the end of the school day.

The children will need to wear school uniform for the trip. They will also need to have a snack, water bottle and packed lunch. Those entitled to 'Free school Meals' can have a packed lunch provided. This will need to be pre-ordered with the school office by Friday 24th October (before we break up for half term).

We will also be able to visit the gift shop so the children can bring up to £10 in a named envelope

We would appreciate your voluntary contribution of £26.15 to cover the cost of admission to the museum and travel expenses but, we should point out that, if sufficient contributions are not received to cover the cost of the trip, it will not be able to go ahead.

To give permission for your child to attend this trip please click and complete by **Tuesday 14th October** - <https://forms.office.com/e/nCckY4bC6e> and make payment through Arbor.

Yours sincerely

Mike Darby

Year 5 Leader
