Deputy Headteacher: Mrs Laura Cooper

Dear Parents/Carers,

We have been fortunate to secure a booking with **Bishopstoke Invertebrates** on **Monday 16th March 2026**. This is an event that will take place at **Fair Oak Junior School**.

This visit will support our Spring 2 Science, unit 'Animals, including humans' where part of the curriculum involves the children identifying and grouping animals with and without skeletons, observing and comparing their movements.

During the visit the children will get the chance to observe a wide range of invertebrate creatures, learn about their habitat, diet and movements and may even be given the opportunity to handle some of the creatures. Of course, any child who isn't comfortable doing so, can opt out of this element.

We would appreciate a voluntary contribution of **£2.50** to cover the cost of this visit. Unfortunately, if sufficient contributions are not received to cover the cost of this event, it will not be able to go ahead. If you are facing difficulties with the voluntary contribution, please feel free to contact the school in confidence. We are more than happy to discuss any options that may be available to ensure your child can take part in this valuable experience as your child's participation is what is most important to us, and we are here to assist in any way we can.

All children will be taking part in this visit as part of the school curriculum. Parents will only need to contact the school if they do not wish their child to take part in the event.

Please log in to your Arbor account where you will be able to make payment. If you need support in doing this, the office will be happy to help you.

Kind Regards

Miss Coxhead
Year 3 Leader
